

Dia daoibh. My name is **Raimey OBoyle**, I am the Vice President Education Officer in Comhaltas na MacLéinn Ollscoil na Gaillimhe 23/24

The Students' Union's job is to represent, advocate, and vindicate the rights of students at all levels of society. As Education Officer my day to day tasks relate to all things education. I support students and postgraduates with fees, exams, lectures, and library and computer queries. I represent and advocate for students on numerous committees within the University. I organize class reps and Comhaltas na MacLéinn Comhairle, run academic based campaigns, and support the other officers and Union in running campaigns, events, and following our direction as a Union based on students needs and desires.

I have been in University of Galway since 2019 when I began my undergraduate degree in the Joint Honours Bachelor of Arts in Psychological Studies, Sociology, and Political Science. I graduated from this degree in 2022, when I also began the undertaking of a Masters' Degree in Public Policy, which I am currently in the finishing stages of.
